**CATALOGUE OF PRODUCTS OF THE INDUSTRIAL  
DIVISION OF BILIBID**

---

## **GENERAL INFORMATION**

---

The sales rooms at Bilibid Prison, Manila, P. I., are open daily from 8 a. m. to 12 m. and from 2 to 5 p. m., except Sundays and holidays.

The Industrial Division of Bilibid Prison is operated primarily to provide instructive employment for deserving prisoners and to furnish an avenue in which earnest men may equip themselves with a trade with which to re-enter society on an independent, self-respecting basis.

The day's work consists of seven and one-half hours. Practical work in the shops is supplemented by instruction in the schools, where mechanical drawing, plan reading, and designing are taught by the more advanced students.

There is no spirit of hard driving of labor in the institution, shirkers being merely eliminated and their places taken by more willing workers.

The output of Bilibid averages about P350,000 per annum. The services of about 1,400 prisoners are utilized in the Industrial Division in the various shops.

Inspection of the shops is invited; passes may be secured at the main office, a nominal fee of 50 centavos being charged for guide service. Hours 7 to 11 a. m. and 1.30 to 3 p. m., except Saturday afternoons, Sundays, and holidays.

### **MAIL ORDERS**

Careful attention is paid to mail order. Explicit shipping directions must accompany all orders. Care should be taken that remittances fully cover the total cost of goods ordered, including cost of crating and transportation.

### **SPECIAL ORDERS**

A very considerable portion of our business consists of special orders. All of our departments, except the wickerware department are equipped to execute special work in their lines. We insist, however, upon receiving explicit, detailed information relative to special orders, preferably by sketch and full details as to dimensions, color, and materials. As in all other institutions, the cost of special designs exceeds that of stock articles.

Special orders for wicker furniture will be accepted only at the risk of the buyer, upon advanced payment covering cost of items.

### TERMS

In accordance with law, this institution is conducted upon a cash basis.

### DISCOUNTS

Discounts are allowed on all articles except laundry work, vehicles, and other articles under P500 in value.

The following discounts apply on all articles of furniture:

On sales of P350 or over but not exceeding

P500 a discount of ..... per cent .. 5

On sales of P500 or over but less than P1,000 ..do.. 10

On sales of P1,000 or over but less than P2,000 ..do.. 15

On sales of P2,000 or over .....do.. 20

Owing to the fluctuation in prices of materials in the Philippines, all prices quoted in this catalogue are subject to change without notice.

No discount on special orders.

### EXPLANATIONS OF TERMS USED

In all instances where the Spanish word "bejuco" is used, wickerware or rattan is the meaning conveyed.

By "heart bejuco" is meant the very center or core of the rattan, carefully selected for its strength and resiliency.

All hardwoods (acle, narra, etc.) used in the construction of certain articles of bejuco furniture, such as "tables with narra or acle top," are carefully selected from choice stock air-seasoned and kiln-dried.

## **SHIPPING INFORMATION**

---

### **RESPONSIBILITY**

This Bureau accepts no responsibility for the delivery of goods at destination or for loss in transit. We promptly mail shipping documents, which constitute delivery on our part, unless shipment is made by a freight or express company in which event shipping documents are mailed by company making shipment.

### **CRATING**

Crates are well made and give full protection to contents. Shipments are carefully wrapped and strongly crated at a moderate charge. Rattan or wicker furniture may be shipped short distances within the Philippine Archipelago without crating, but crating is advised under all circumstances. In all cases, hard-wood furniture should be either crated or boxed. The cubic measurements and weights, are itemized under all furniture catalogue numbers.

### **THE MANILA-JAPAN-SEATTLE ROUTE**

From Manila to Seattle, Washington, the ocean freight charge is approximately \$ 6.50 (gold) per ton of 40 cubic feet; plus handling, etc.; fractional parts of tons count as complete units. From Seattle to any point in the United States, the railway freight charge is, according to tariffs.

### **THE MANILA-HONOLULU-SAN FRANCISCO ROUTE**

From Manila to San Francisco, via Honolulu, the ocean freight charge is \$ 6.50 per ton of 40 cubic feet; plus handling, etc. From San Francisco to interior points of the United States railway freight charge is the same as from Seattle.

### **THE MANILA-SUEZ (OR PANAMA)-NEW YORK ROUTES**

From Manila to New York, via Suez, or via Panama, the regular ocean freight rate per ton of 40 cubic feet is \$30. Regular shipment cannot be guaranteed by these routes.

**FREIGHT AND EXPORT CHARGES**

Freight charges may be prepaid on export shipments and unless special arrangements are made by the consignee with the shipping company the freight is delivered to a shipping agency by the Bureau of Prisons. This agency attends to insurance and collection of freight and other charges upon delivery of shipments to the United States. No duty is charged for entry of our products into the United States, when proper certificates of origin and export entries have been made.

Ocean freight and advance export charges should be liberally estimated, as any surplus will be refunded promptly. Failure to remit sufficient funds will delay the shipment of orders until full amount has been received.

**INTERISLAND SHIPMENTS**

No advance freight charges are required for interisland shipments. It should be definitely stated whether rattan furniture is to be crated, burlapped, or shipped without protective covering, when shipment within the Philippines is ordered.

**PORT EXPORT CUSTOMERS**

After you have completed your order review it carefully and be certain: (1) That your name and address are correctly given and legibly written. (2) That your shipping instructions are explicit; the full name and address of the consignee, together with the ocean route selected, being definitely stated and plainly written. (3) That catalogue numbers and descriptions are correctly given. (4) That sufficient funds are forwarded to cover the cost of goods selected and to include crating charges, export charges, and prepayment of freight.

Approximate freight rates given herewith are based upon those prevailing under normal conditions.

**FOR BLACK AND WHITE**

Articles of rattan furniture where prices are given for solid rattan color may be ordered in black and white combination at cost of 10 per centum in addition to listed price.

## DEPARTMENTS OF BILIBID INDUSTRIAL DIVISION

---

### DEPARTMENT A

*Activities.*—General machine shop, blacksmithing, millwright, carriage making, carriage painting, sheet-metal working, upholstering, dry kiln, power house, general automobile and motorcycle repairs, wheelwright, electrical repairs.

Special attention is invited to our carriage-making establishment. All classes of pleasure and commercial vehicles are made in this shop. A large part of our business in this shop is the manufacture and repair of carabao carts, trucks, trailers, sprinklers, and heavy wagons.

The automobile repair shop is equipped to handle satisfactorily all classes of work in this line. Our facilities for the manufacture or repair of wheels are especially ample.

It is manifestly impossible to illustrate the product of this department in a catalogue.

### DEPARTMENT B

*Activities.*—Manufacture of all classes of household and office furniture, cabinet-work, wood carving, picture frames, repairing and refinishing furniture.

Our products in this department are made from finest Philippine hardwood, air seasoned and kiln dried. About 40 varieties of native wood are suitable for furniture making, but the most popular woods are narra, ngle, tindalo, cumagon, tanguile, luan, and lumayno. A large proportion of articles are finished in dark mahogany, though the natural color and grain of selected native woods are beautiful.

Special orders received for any style of woodworking. Estimates furnished upon application.

### DEPARTMENT C

*Activities.*—Construction of buildings, concrete construction, repair of buildings and equipment, manufacture of prison equipment.

The scope of this department is limited almost entirely to construction and the manufacture and repair of prison equipment.

## DEPARTMENT D

*Activities.*—This department employs several hundred prisoners under the foremanship of a competent wickerware designer and weaver in the manufacture of bejuco (rattan) and bamboo furniture. The shop specializes in woven hemp hammocks, bejuco chairs in a multitude of designs ranging from ordinary straight back chairs to the most elaborately designed reading chairs, and includes the construction of various useful and handsome tables, stools, hookrucks, etc., from combinations of hardwood and bejuco. The weaving of chair bottoms and backs and the manufacture of split-bamboo shades and curtains require the services of a large number of workmen employed in this department.

Department D, because of the excellence of its products, has been largely responsible for the fame brought Bilibid furniture. It is here that the well-known Bilibid, or fan-back chair is made (catalogue Nos. 1, 2, and 3.)

Rockers will be attached to any bejuco chair shown in this catalogue at an additional charge of P2.

Price quoted, with the exception of Nos. 1, 2, and 3 chairs, are for articles made of bejuco in its natural color.

## DEPARTMENT E

*Activities.*—Tailor shop. This department makes practically all the clothes used by inmates of Insular and provincial prisons throughout the Philippines. Large orders undertaken for service uniforms (sailors, police, etc.). About 60 workmen are employed in this department.

## DEPARTMENT G

*Activities.*—Steam laundry. The facilities of this department are ample to accommodate a considerable civilian trade in addition to the work of Bilibid Prison. About 141 workmen are employed.

## DEPARTMENT H

*Activities.*—Embroidery, lace making, crochet. The department was organized to furnish pleasant and profitable employment for female prisoners. A large proportion of the work is devoted to special orders for all classes of hand embroidery upon fine cotton fabrics, table and bed linens, and native materials. One of our patterns of hand-crocheted linen bed-spread is illustrated in this catalogue on the next page. About 100 women are employed.

NOTE.—The prices appearing on this catalogue are subject to change without notice.

## HARDWOOD FURNITURE

---

The manufacture of hardwood furniture is becoming a more important feature every year. Unlike wickerware, manufactured from material which lacks the resistance of first-class hardwoods, a well-made piece of furniture made from well-seasoned Philippine hardwoods steadily increases in value with age and use. It becomes a permanent part of the home surroundings and in fifty or one hundred years has a value that cannot always be measured in dollars and cents.
