The Philippine Women's University

## ACKNOWLEDGMENT

The writer wishes to express her sincere thanks to all those who have helped towards the completion of this study.

To the hospital directors for making hospital records and materials accessible, and to the chief and staff of the social service units for their interest and whole-hearted support.

To the respondents who have been most cooperative and who must remain anonymous.

To Dr. Angelina C. Almanzor, Director, Philippine School of Social Work, the writer is greatly indebted for her deep concern, invaluable assistance and patience in the careful scrutiny of this research.

To her adviser, Miss Josefina Limuaco, faculty member of the Philippine Women's University, for her encouragement, valuable suggestions and assistance.

To Miss Virginia Hebbert, faculty member of the Philippine School of Social Work, who reviewed the materials painstakingly and whose advice, comments and suggestions have enriched the study.

To Dr. Paz Meliton-Ros, Assistant Director of Research, Graduate School, Philippine Women's University, for advice regarding the format of this study.

Finally, the writer conveys her thanks to her family for their understanding, assurance and interest in her professional training.
